## OBJECTIVE

Software Developer with 2+ years of experience, in the field of programming languages and software engineering principles. Seeking for a role of Developer/Analyst.

## WORK EXPERIENCE

### Software Developer Grade 'A' [Promoted]

WESEE, Indian Navy (MOD) | (Jul 2023 to Present)

### Software Developer Grade 'B'

WESEE, Indian Navy (MOD) | (Jan 2023 to Jul-2023)

- Employing SQL, Excel, and Power Bi for data analysis
- Handling the UI design in QML which is like CSS and JSON.
- Working on integration of project using MVC (Model View Controller Model) and C++ concepts.
- Working on implementation of Algorithms with the help of C++ and Data structure concepts.

## ACADEMIC DETAILS

- **Post Graduation: Online MBA in Business Analytics**  
2024-Present  
D.Y Patil University, Pune
- **Graduation: B. TECH in Computer Science**  
2019 - 2023  
Graphic Era University, Dehradun  
8.5 CGPA
- **Senior Secondary: Science**  
2018-2019  
B.R. International School, Hapur  
70 %
- **High School**  
2016-2017  
Dewan Public School, Hapur  
9.1 CGPA

## INTERNSHIP AND TRAINING

Bajaj Finance (Jan/2023 to Jun/2023)

Data Analysts Intern

- Analyzed large datasets using statistical methods and data visualization tools to identify trends and insights. –
- Developed and maintained databases, data collection systems, and data analytics pipelines. –
- Cleaned and processed raw data to ensure accuracy and consistency for analysis.

Pantech Solutions (Jun/2022 to Dec/2022)

Data Analytics Intern

- Collaborated with cross-functional teams to identify key business questions and translate them into data analysis projects.
- Cleaned and pre-processed data to ensure accuracy and consistency using tools like Pandas and SQL.
- Designed and created interactive dashboards and reports using Tableau to visualize key performance metrics and trends.

Adhyapak (May/2021 to Dec/2021)

Software Development Intern

- Contributed to the design and implementation of database schemas and APIs to support frontend functionality. –
- Experience with version control systems like Git and collaboration platforms such as GitHub. –
- Worked on implementing a new product filtering feature using JavaScript, HTML, CSS.

GlobalCert Private Limited (Jan/2021 – Apr/2021)

Relationship Manager Intern

- Collaborated with internal teams, including wealth management advisors, investment specialists, and product experts, to develop customized financial plans and solutions tailored to clients' goals and risk tolerance.
- Monitored and tracked clients' investment performance and portfolio allocations, providing regular updates and recommendations for adjustments as needed.

## PROGRAMMING LANGUAGES

- **Data Analysis:** SQL, Python, R, and Excel
- **Business Intelligence:** Tableau, Power BI
- **Programming Languages:** C, Cpp, QT, QML, Python,
- **Web Development:** HTML/CSS, JavaScript

## SOFT SKILLS

- Team Collaboration
- Problem solving
- Communication skills
- Project management

## PROJECTS

- **Sales Performance Analysis (Pantech Solutions)**
  - Utilized Microsoft Excel, Power Bi, and Tableau to spearhead a project.
  - Data preparation, Data exploration and visualization, Forecasting and Predictive analytics, and Dashboard creation.

- **Credit Card Validator**
  - Created a Credit Card Fraud Detection Program using Machine Algorithms
- **Denoising Medical Images**
  - Used ML to develop the project.
  - Through this endeavor, we employed ML filters and a Keres model to transform noisy images into denoised versions. We then meticulously calculated PSNR values to evaluate and compare the filters' effectiveness.
- **Fake Information Detector**
  - An information validation program utilizing Machine Learning to authenticate content shared on social media platforms.

## CERTIFICATIONS

- Certified in Data Analytics
- Adobe UX Certified in Microsoft Power BI
- Skill Nation Certified in Advanced Excel
- Skill Nation Certified in Analyzing & Visualizing data using Power BI
- Adobe UX Certified in UX Foundation learning journey
- Artificial Intelligence Concepts

## ACHIEVEMENTS

- Practical Web-App Hacking
- Entrepreneurship and Innovation as Career Opportunity
- Sustainable Rural Development through Aromatic and Medicinal Plants: Skill Development and Start-Ups Machine Learning Workshop IEEE Student Branch GEU

## LANGUAGES

Hindi, English
